

The WilsonDailyPrep: An Overview of the Proven-Effective Program

The SAT and ACT are decisive factors for college admissions, and the key to boosting scores is to practice every day. When you walk into that exam room, you are in competition with the clock and yourself. WilsonDailyPrep will train you to be a champion.

WilsonDailyPrep is an innovative, award-winning program that not only offers the tips, strategies and must-have secrets for test success, but also offers reinforcement of these strategies through the help of a personal coach. Coaches email students each weekday with 6 SAT-format questions or a full ACT passage. After completing the online quiz, students receive immediate feedback and detailed answer solutions that highlight WilsonDailyPrep Keys – the essentials to SAT/ACT test-taking.

The program breaks the SAT/ACT into manageable, bite-sized tasks that allow for focus and improvement. And, in just three months, with a few minutes of practice every day, students can expect their test scores to increase by 200 points or more – guaranteed!
(4 cumulative points on the ACT)

The program's success lies in the age-old fact that practice yields improvement. What's the best way to prepare for any big music recital, sporting event or test? Practice, practice, practice. Over and over, you play the same song, or run that same _ mile lap. It is that constant repetition that makes for a stronger, fitter, and more mentally prepared competitor. With WilsonDailyPrep, you practice the same type of SAT/ACT questions each weekday, and become a champion test-taker. You will be in control of the test – it will not control you!

And, just as athletes are supported and trained by an experienced, skilled coach, so are WilsonDailyPrep users. Each student is assigned a personal coach to ensure accountability for the work, to instill confidence in test-taking, and to train specifically for the SAT/ACT. Coaches point out test-specific patterns, provide supplemental study questions, and help improve weaknesses.

Students also have access to downloadable worksheets for subject-specific practice, multimedia video lessons for more in-depth strategy introductions, and the added incentive of donating to third world nations through the Heifer Foundation.

Bottom line, you will raise your score with WilsonDailyPrep.

Greatness is achieved through daily, deliberate practice. Start thinking like a champion. Start using WilsonDailyPrep.
